Master Plan concept

Project progress

The Domain Hub master plan will provide a long-term framework for progressively improving the site over 20 years. This will ensure our upgrades are staged, strategic and affordable.

Contact: redevelopment@domaintennis.com.au

Key considerations

What we previously heard from the local community and members is important...

- Access, arrivals & movement
- Courts & playing facilities
- Centre court & events
- Clubhouse & amenities
- Pickleball & padel
- Landscape, lighting & amenity
- Staging for continued operations
- Minimal neighbour impacts

...and helped shaped the Domain Hub master plan

Domain Hub benefits

- A tennis focused racquet sports facility
- More welcoming & better equipped clubhouse
- Safe and inclusive access across the site
- Improved integration of landscaping across the site
- Better member & visitor experience
- Member access during major events
- New indoor facilities (tennis court & virtual tennis)
- Elevate the Hobart International and WTA events

Site Context

City

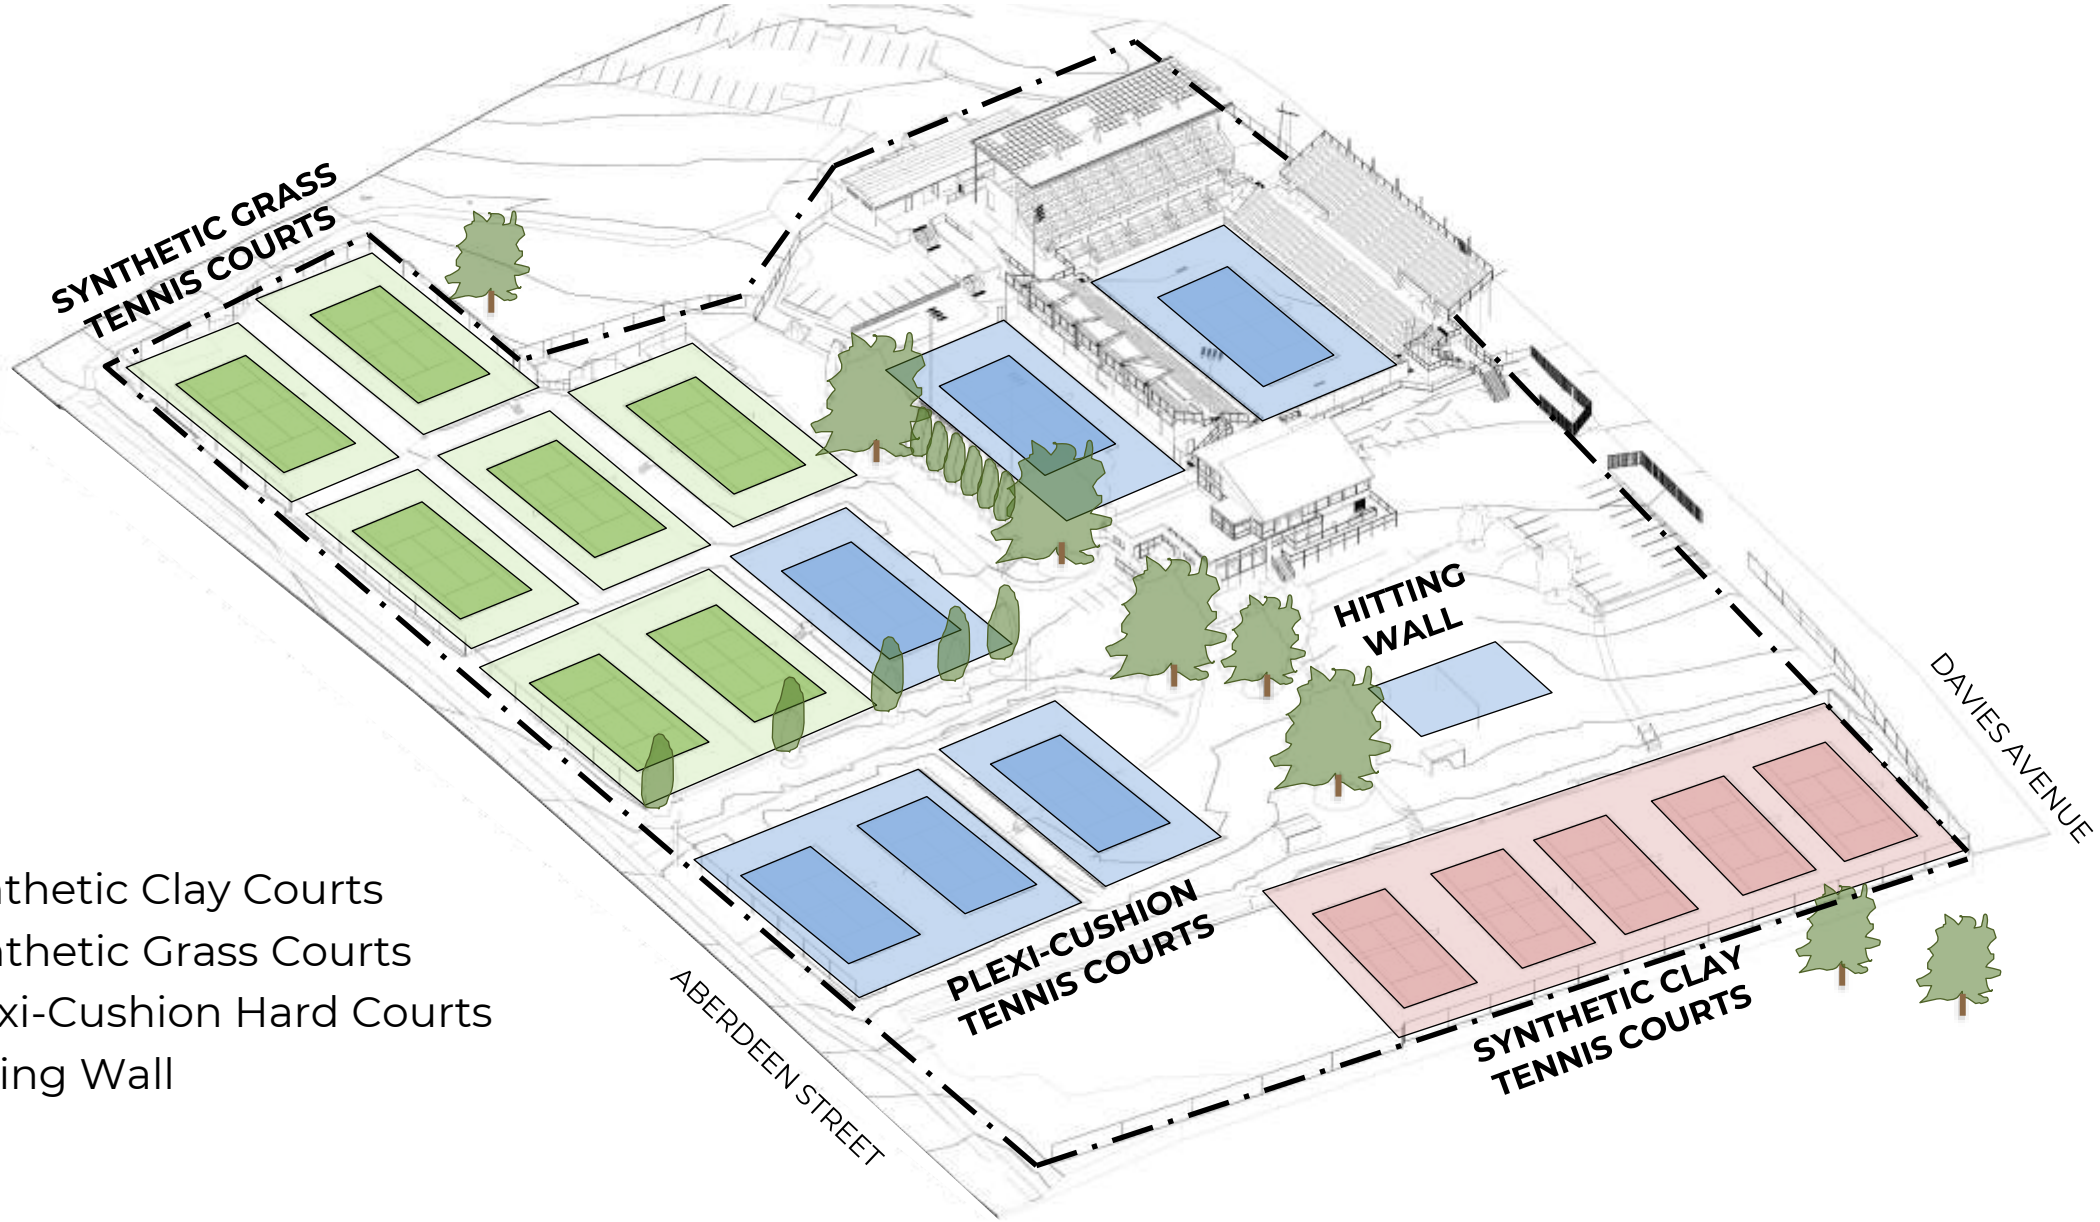

Precinct

Site

The Domain Tennis Centre now

5 x Synthetic Clay Courts
7 x Synthetic Grass Courts
6 x Plexi-Cushion Hard Courts
1 x Hitting Wall

The Domain Hub in the future

Endorsed site layout

Tennis Events

Upgrades to arena and match courts for improved player and spectator experience while reducing operational complexity and cost

Clubhouse

New Clubhouse as 'Heart' and gateway for the precinct.

Racquet Sports

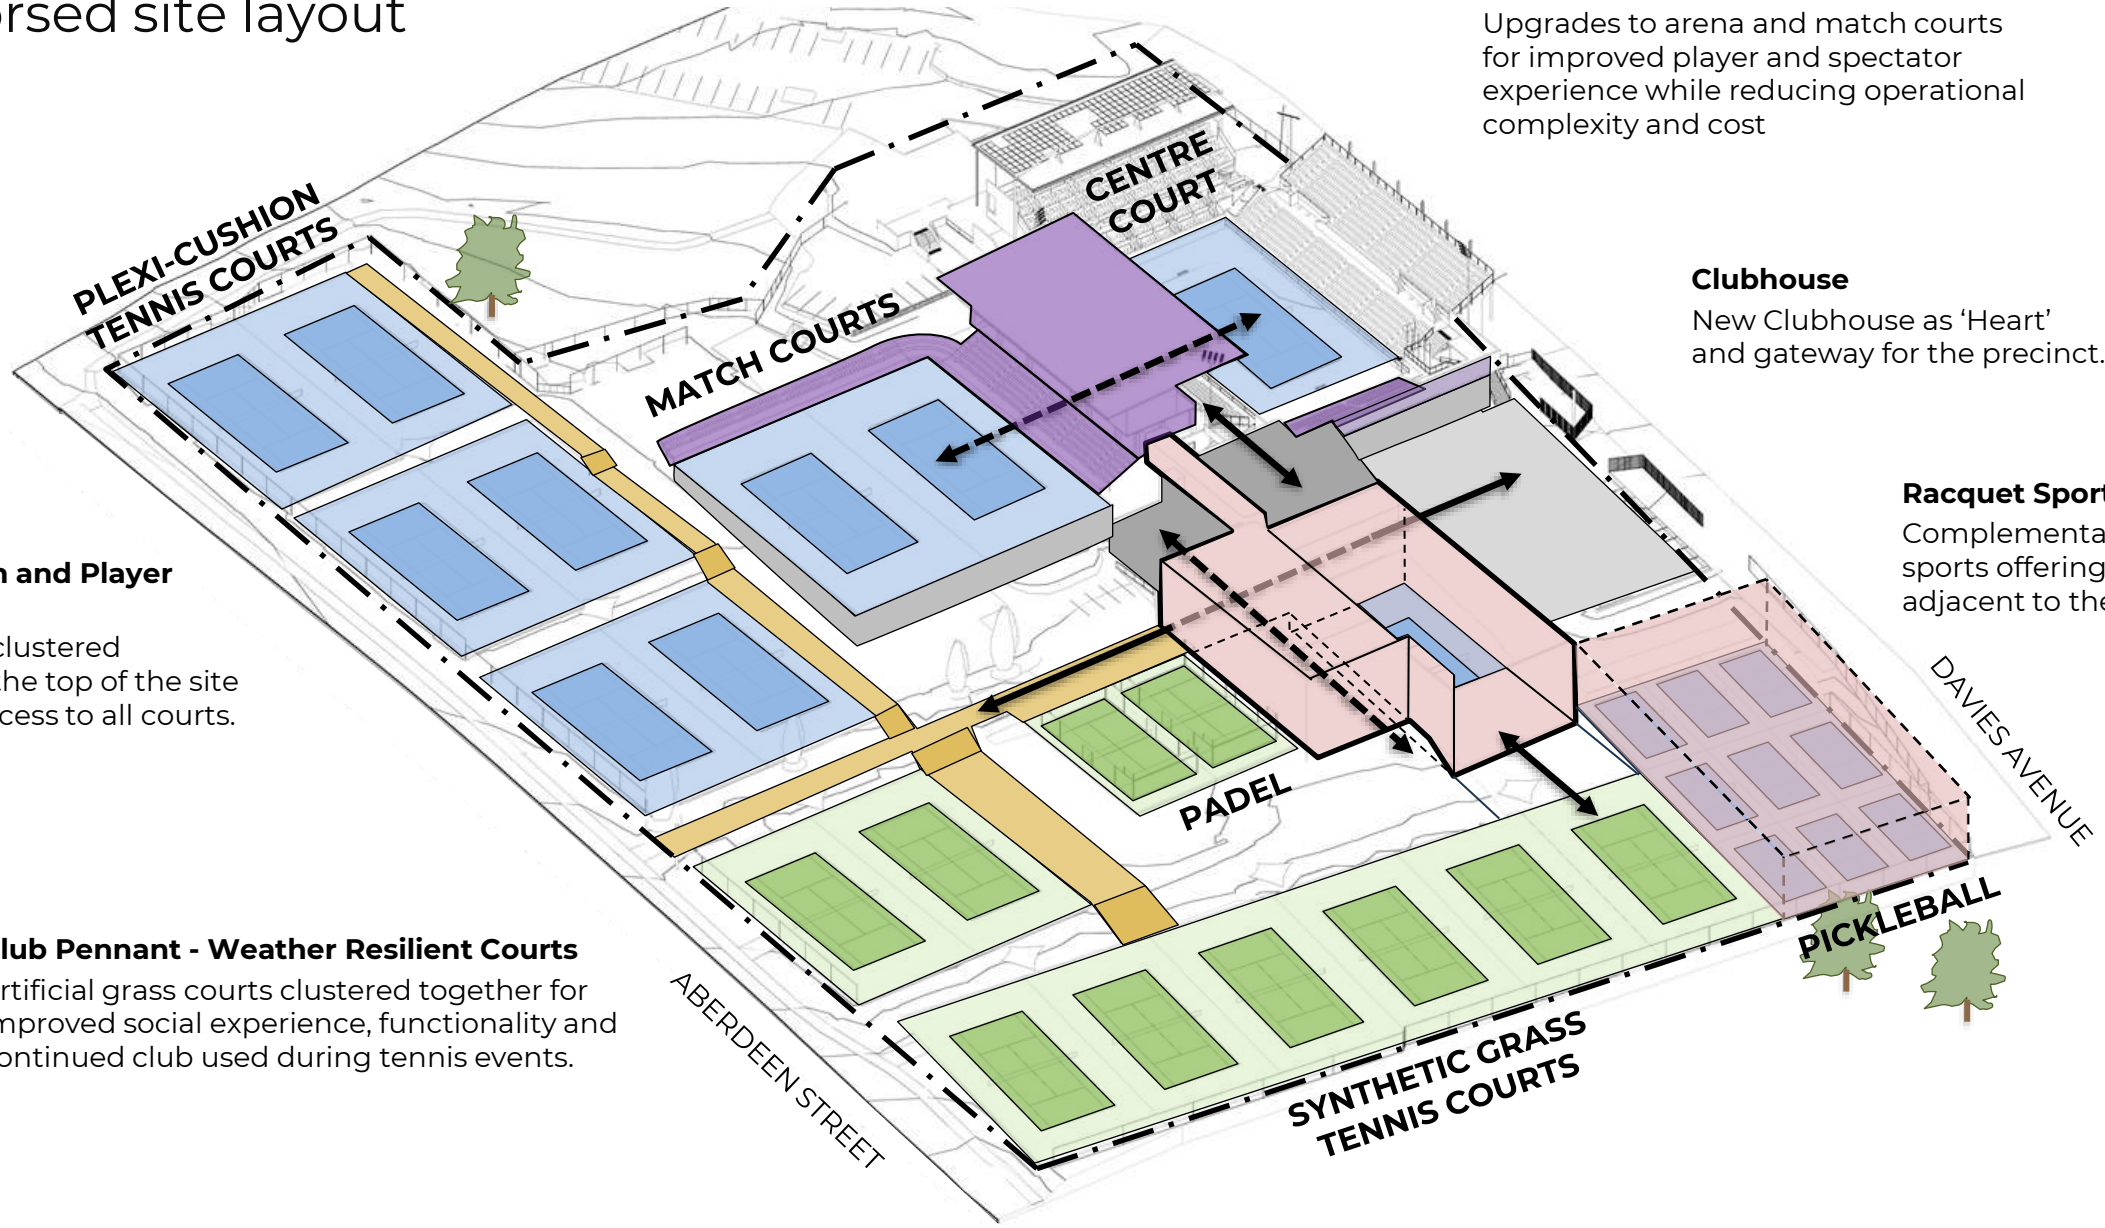

Complementary racquet sports offerings are located adjacent to the clubhouse

Competition and Player Pathway

Hardcourts clustered together at the top of the site with level access to all courts.

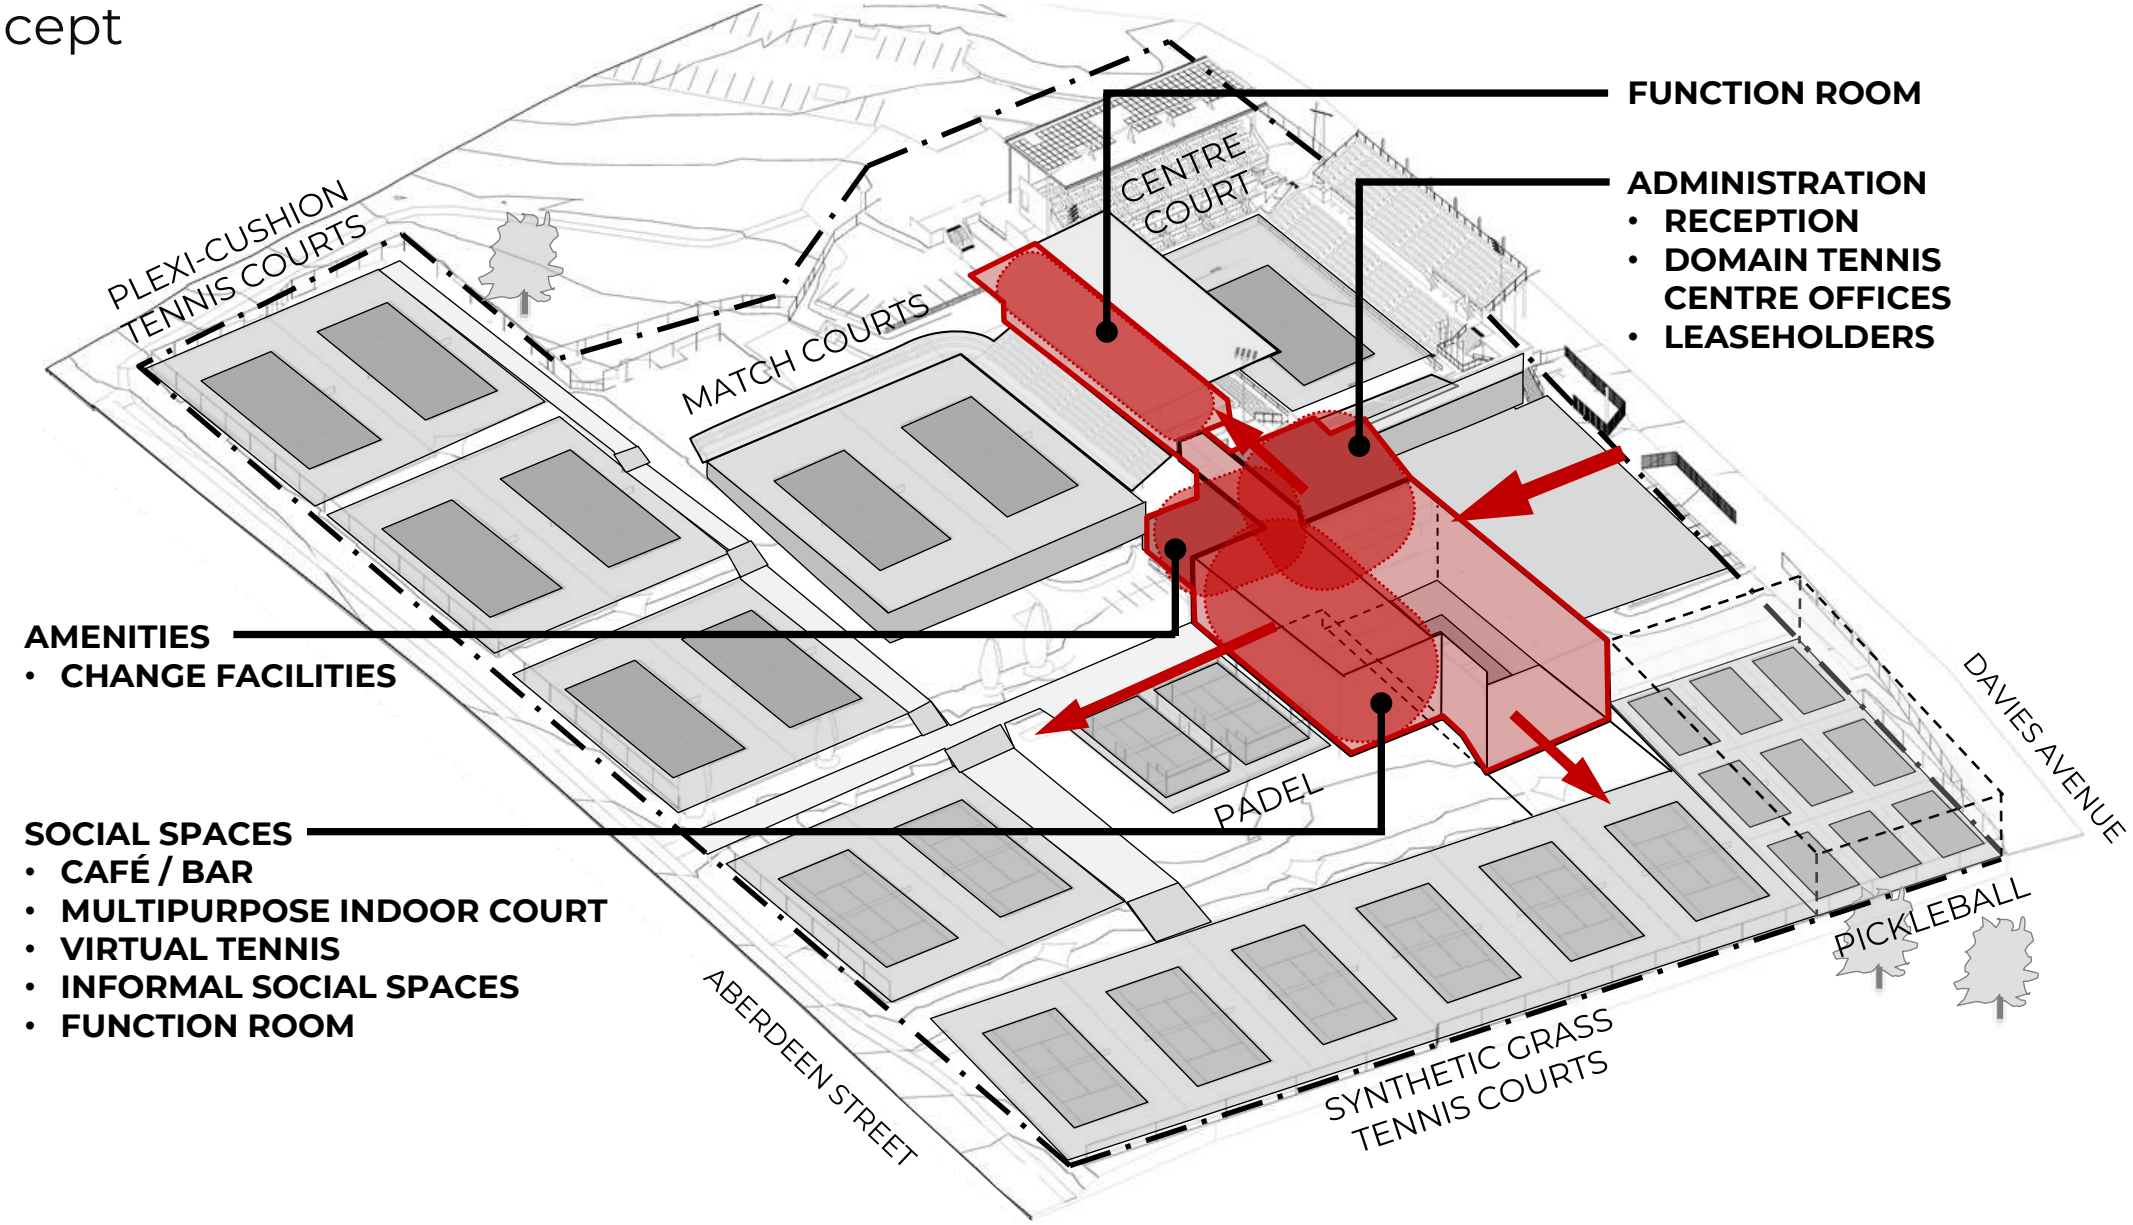

Club Pennant - Weather Resilient Courts

Artificial grass courts clustered together for improved social experience, functionality and continued club used during tennis events.
